ITRS 2019 Presentation Awards

To encourage and reward excellence in presentations, the Symposium offers a "Presenter Award" program. The program is intended to award and acknowledge presenters who give presentations which reflect experience in facts and data (rather than opinion or conclusion); choice of topic (applicable to field work); and state of the art technical rescue. After the final presentation, attendees will have opportunity to vote on the presentations based on six categories, with one award going to each category. Each winner will receive a \$200 honorarium.
